## MOVE ON MEXICO NOT DEMANDED BY EUROPE

## LINER MINNESOTA IS NOT COMING

### No Demands On U.S. By Germany

(Associated Press Cable.)  
WASHINGTON, D. C., Mar. 10.—With the progress of mobilizing an army on the Mexican frontier and the greater freedom with which news is being given out from the War Department, it is evident that the move on Mexico was not demanded by European powers, as was first believed, but is the policy of the President and the War Department. The War Department today gave out a statement that it is satisfied with the mobilization so far, and that the act is to protect American interests.

(Associated Press Cable.)  
BERLIN, Germany, Mar. 10.—It is officially stated here that Germany has not made representations to the United States, through its representatives at Washington, in regard to the protection of German subjects in Mexico. The official statement adds that Germany has not contemplated any action in the matter.

(Associated Press Cable.)  
MARE ISLAND, Cal., Mar. 10.—Five hundred marines and 250,000 ball cartridges have been started for San Diego on the transport Buffalo. The cartridges will be distributed to troops in the field.

(Associated Press Cable.)  
EL PASO, Tex., Mar. 10.—Twenty insurgents, who crossed the line from Mexico into the United States today, were captured and disarmed by the American forces patrolling the border. No armed member of either side will be allowed on American soil.

### MEXICAN SITUATION UP IN HOUSE

"Whereas, the situation on the Mexican frontier is such as to call forth a demonstration of American troops to protect American interests, and  
"Whereas, the National Guard of Hawaii, through its Governor, is asked to send its officers to observe the military movements, and  
"Whereas, the Territory of Hawaii is deeply concerned in the development and encouragement of the National Guard, upon which it relies for protection,

"Therefore, Be it resolved by the House of Representatives of the Legislature, that this House endorses the plan to send National Guard officers to the Mexican frontier and urges that as full a quota be sent as possible, and be it further

"Resolved, that Hawaii, through its Legislature, make known its approval of these measures to the President and the Secretary of War."

The above resolution was this morning introduced in the House of Representatives by Rep. Ed. Fernandez, of Oahu, and referred to the committee on military affairs, of which he is a member. It will be taken up this afternoon and after reporting to the House, the committee will probably recommend that it be sent to the Senate as a concurrent resolution.

Information was received by the House military committee this morning that there will probably be six

officers of the National Guard sent to the mainland, in response to the cablegram from the War Department received yesterday afternoon by Governor Frear. That cablegram was as follows:

"Governor, Honolulu—Permit officers of National Guard of Hawaii to attend maneuvers for purpose of observation and instruction."

Col. Jones, Adjutant-General of the National Guard, is now preparing to follow the instructions of the cablegram.

### Mexican Rebels In Field, And Leader Who Was Defeated In Battle Yesterday

### NO SELECTION HAS BEEN MADE

"I can't tell you anything about that cable without telling you something," said Colonel Jones, of Hawaii's National Guard, this morning, and he took on a pensive air as his thoughts turned to far-away Mexico and he wondered if really he was going to the front and might be a target for hostile bullets.

The Colonel did acknowledge that a cable was received from the War Department in regard to the officers of the Guard going to the front with the regulars for "observation and instruction," and that this cable had asked for certain information about the officers of the Guard collectively. This information was a deep secret, however, and could not be imparted to the waiting public.

An answering cable was dispatched to Washington last evening containing the information requested, and the department will select the officers from Hawaii who are to join the regular forces.

As to who will go, Colonel Jones says he has not the slightest idea, but he is congratulating himself that he is thin enough to make a small target for a marksmen on destruction bent, if he happens to be one of the chosen few.

### COMMERCIAL BODY LISTENS TO TAFT

(Associated Press Cable.)  
ATLANTA, Mar. 10.—President Taft addressed the members of the Commercial Congress today.

### CONGRESS APPROPRIATED OVER ONE BILLION

WASHINGTON, D. C., Mar. 10.—The total of appropriations passed by the sixty-first Congress amounted to \$1,025,498,662.

### LAWS PASSED

Acts passed at the present session of the Legislature and approved by the Governor will be published in English and Hawaiian in tomorrow's Bulletin. These Acts number from one to thirteen inclusive.

DELEGATE KUHIO has notified his friends by cable of his departure for Honolulu on the Lurline.

MRS. L. A. ANDREWS, widow of the late Judge Andrews, will return to her home at Hilo in the Mauna Kea, sailing from this port on next Tuesday morning.

### "INSANITY PLEA"

■ A blow at the "insanity plea" ■  
■ was struck in the House of Representatives this morning when ■  
■ Castle, of Oahu, introduced a bill ■  
■ relating to insane persons. The ■  
■ most important section of the ■  
■ bill declares, "Whenever any ■  
■ person indicted for any crime ■  
■ shall be acquitted by reason of ■  
■ insanity or mental derangement, ■  
■ the court before whom such trial ■  
■ has been had shall forthwith, ■  
■ without other or further proceed- ■  
■ ings, commit such person to the ■  
■ insane asylum, there to be con- ■  
■ fined as an insane person."

### LIBBY, M'NEILL & LIBBY PLAN MODEL VILLAGE TO GO WITH GREAT PINEAPPLE CANNERIES

Construction work has begun at wharf and warehouse. The location Kahaluu, on the windward side of the islands, of what will be one of the most remarkable plants in the Territory. It is Libby, McNeill & Libby's big pineapple cannery, and in connection with this, there is to be established a model village, laid out along the most approved lines, for the scores of employees of the great canneries being erected for the Chicago packers.

The cannery and its village is the result of the deal made by the Macfarlane interests with the Chicago firm for the Macfarlane pineapple properties. Having acquired holdings here, the Chicago people have already begun work on the plant, and are rushing it to such good effect that on May 1 the cannery will start work and by May 15 the entire plant will be completed.

H. L. Kerr, of Honolulu, is the supervising architect, and his plans as carrying out Libby, McNeill & Libby's ideas show many interesting things. The cannery is being built on a peninsula that runs out into the water of the bay at the rear of the

### Chicago Tour Off; Ship Is Disabled

Chicago, March 10.  
Chamber of Commerce, Honolulu:  
Oriental tour abandoned. Minnesota disabled.

CHICAGO CHAMBER OF COMMERCE.

The above cablegram was received this morning by the Chamber of Commerce. The giant liner Minnesota was to have brought the Chicago business men to this port on March

27 for a two days' stay, but going out from Yokohama a few days ago a thrust shaft was broken and now the trip is off. The merest accident has prevented it.

Secretary Wood of the Chamber of Commerce said this morning that the accident is greatly regrettable. "We were particularly desirous to entertain the Chicago excursion," he said "but apparently the entire tour has been given up."

### Declare Against Tax Amendment

TWENTIETH DAY.

No sympathy with the 1 per cent. tax limitation amendment to Senate Bill No. 36, on personal and property taxes, as declared for at the combined meeting of the Planters' Association, Merchants' Association and Chamber of Commerce, is contained in the report on the bill submitted to the Senate this morning by the judiciary committee.

The judiciary committee, composed of Senators Judd, Cecil Brown and Makekau, is strongly for the bill as it stands, but its suggestion that the bill be considered by the ways and means committee of the Senate was followed.

The committee report, which practically declares that the business organizations have misinterpreted the text of the bill, reads in part as follows:

"This bill was referred to the judiciary committee for examination as to whether or not the bill was in proper shape," and a careful study has been made of the bill, with the result that the committee finds the bill in order, and has no amendments to suggest as to form.

"At a public hearing of the commercial bodies of Honolulu the bill was criticized. The criticism was that the credit of the Territory or county, or city and county, demanded that first place in making estimates should be given to providing for the payment of bonds, interest and sinking funds."

"Your committee feels that this criticism of the bill was caused by a misunderstanding of its provisions, and that the point sought to be made is not well taken. Your committee desires to point out that the items in

the estimate numbered 1 and 2, for current expenses and permanent improvements, respectively, are by the bill items for which the taxation is limited in the rate per cent., and that items 3 and 4, both of which concern the standing and the credit of the governments involved, are items where no limit of the rate per cent. of taxation is fixed. In other words, the bill seeks to make it possible to have the rate per cent. of taxation as high as necessary to pay the interest on the bonds, and to provide for sinking funds for their repayment."

When the Senate convened this morning notification was received from the House that it had failed to concur in the amendments made by the Senate to House Bill No. 27, providing for the designation of each candidate's party affiliation on the official ballot, and House Bill No. 78, providing for the establishment of a commission on uniform legislation. On the first bill named the Senate conference committee will be Cecil Brown, Kalama and Baker, and on the second Senators Judd, Kalepou and Makekau.

A resolution was received from the House, declaring the sentiment of the Legislature as being opposed to the practice of the Rapid Transit company of placing its poles too near the car tracks.

House Bill No. 2, increasing the pay of Oahu officials, was referred to the select committee of Oahu Senators, of which Cecil Brown was this morning named as the permanent chairman.

House Bill No. 9, amendatory of the county act and referring to deputy sheriffs on Hawaii, was referred to the select committee of Hawaii Senators.

### Revival of "The Mikado" For Charity; Amateurs To Shine

Local People Are "Finds" In Roles Played Here Years Ago.

Amateurs of marked ability will take part tonight in the opening performance of Gilbert & Sullivan's clever and tuneful opera, "The Mikado," which is being staged for the benefit of the Humane Society. The cast and chorus announced yesterday is unusually good, and those who have seen the opera in rehearsal are enthusiastic over some of the "finds" made among the amateurs here in Honolulu.

The first performance takes place tonight, in the Hawaiian Opera House, beginning shortly after 8 o'clock. There will be a matinee tomorrow afternoon and the closing performance tomorrow night. Seats are on sale at the Territorial Messenger Service and the demand is heavy. The

sale for the matinee is surprisingly good, for this opera appeals not only to grown-ups but to children as well and the house should be packed at every performance.

"The Mikado" needs no introduction to Honolulu. It was played here years ago; the youngsters in that performance are now somewhat more along in years, but they have not lost interest in the play and will be on hand tonight to see their successors in the picturesque roles.

Richard Kipling, stage director, prophesies that the chorus tonight will be one of the features. He says the chorus is a splendid singing body and out to make a hit, and he is confident that the principals will score individually. George A. Brown as the Mikado brings to the part a fine voice and good presence. James D. Dougherty is Nanki-Poo, while Ted Vaughan, a former professional, is Koko.

### RICHARDS IN JAPAN SPEAKING FOR PEACE WITH FRIEND AS ORGAN

TOKYO, Japan, Feb. 26.—Coinciding with the different American-Japanese peace movements which have been begun both in America and Japan, a monthly magazine published in Honolulu, called The Friend, through its manager, Mr. Theodore Richards, yesterday completed arrangements for the carrying out of a plan originated by the people he represents which they hope will aid materially in promoting a better understanding between the peoples of these two nations.

The plan as Mr. Theodore Richards has been working it out since he has been here on this special mission, is

this: The Friend will give five "Peace" scholarships to five Japanese boys for a four years' course of education in the Mid-Pacific Institute at Honolulu, to the writers of the five best essays on the subject, "Friendly relations between Japan and America, and how they may be best maintained."

Mr. Richards, who came to Japan several weeks ago for the purpose of putting through this plan has been successful in obtaining patronage to aid him in his cause. These men who have taken heartily to the plan and who on Friday promised their aid and

### BIG EXPLOSION CAUSES DAMAGE AND INJURY

(Associated Press Cable.)  
DOUGLAS, Wis., Mar. 10.—Through communication established today it is learned that as a result of the explosion of sixty tons of dynamite at Pleasant Prairie, \$100,000 damage to property was done, one person was killed and many seriously injured. Many private houses in the vicinity of the powder works were completely wrecked. Cattle were killed by the terrific shock, but no record has been sent in.

Scores of doctors and trained nurses are now with the wounded.

### PEACE MEASURES OBTAIN IN HONDURAS

(Special Bulletin Cable.)  
PUERTO CORTEZ, Mar. 10.—Peace has been established along the east coast for the time being, and the usual order of things is assuming shape.

A number of fishing craft were wrecked in a storm on the Spanish coast and the bodies of twenty-five sailors were picked up.

James W. Hull, vice-president of the Berkshire Life Insurance Company, died at Pittsfield, Mass., after a long illness.
